

Introducing the uMR® Jupiter 5T An Entirely New Species

Silver Corporate Symposium

🕒 Sunday, 04 June 12:00-13:00 PM

📍 Plenary Hall (Exhibit Halls F/G)

Join us to discover the bold change that United Imaging brings to the industry, featuring the world's first whole-body 5 Tesla magnet designed to open access to ultra-high-field MRI to drive discovery and new clinical applications. We will present first-hand clinical experience with the uMR® Jupiter 5T, covering a full spectrum of applications.

To accelerate user development and advance scientific research, we will also introduce a comprehensive and open MR application development platform, ADEPT.

We are delighted to welcome our keynote speakers:

Abram Voorhees, Ph.D
Vice President of Magnetic Resonance, United Imaging

Mengsu Zeng, MD, Ph.D
Professor & Chairman,
Department of Radiology,
Zhongshan Hospital

Qi Liu, Ph.D
Principal Scientist &
Magnetic Resonance
Manager, United Imaging
